

Hamilton & Halton FASD Support Groups

presents a **FREE** Virtual Webinar on building supports for your loved one with complex needs

Microboards — Ontario —

Wednesday Feb 5th 7PM EST

A Microboard is a sustainable, supportive and incorporated structure that:

- *Supports a person with complex needs to make decisions throughout their life**
- *Upholds and advocates for a person's individual rights and freedoms**
- *Draws on the strengths of friends, family and those close to the person and who knows them well**
- *Helps reduce the pressure on families and supports succession planning or the next generation of caregiver as they step into a lead support role**
